Brooke Valentine

Yeaaa

[Chorus:]

You're tempting me, You're tempting me, You're so tempting, Tem  
pting me You're tempting me  
You're temptin me, You're so temptin, You're temptin me, Tempti  
n me

[Verse 1:]

You called me to see if you could come by  
And I said that is fine with me  
I know we never been alone before  
But there's a first for everything  
Like when we first got together  
You agreed you would wait for me  
So I never felt like this before  
But your body's temptin me

[Bridge:]

So why you gotta be here  
Lookin at my ass like that? (so easily)  
I know what you're thinkin  
I feel your hand on my back  
Dayum

[Chorus]

[Verse 2:]

So here you go as I unlock the door  
I guess we're gonna watch tv  
We could barely sit together  
Without thinkin of naughty things  
I know your lookin for your keys boy  
But I don't want you to leave  
Why don't you stay with me for a lil while  
We're gonna make the best of things  
There's bout to be some fireworks goin off round here (Oooh bab  
y)  
Just relax cause now it's time

[Chorus]

I know what you're thinking  
Feel your hand on my back (damn)  
You're tempting me  
Looking at my ass like that
