

Perish

Brooke Waggoner

(Verse)

It is the magic on my mind
The thrill that I'm sublime
Uh uh hu hu

(Verse)

It is the heartbreak on my back
The courage that I lack
Uh uh hu hu

(Chorus)

But go on, go on and steady me up
Oh I got a lot to say
Take hold, take hold and settle me down
Living like we'll never die

(Verse)

It is the color of the haze
The slits between the grey
Uh uh hu hu

(Verse)

It is the moon, also the weakness
The sight of things unseen
Uh uh hu hu

(Chorus x2)

But go on, go on and steady me up
Oh I got a lot to say
Take hold, take hold and settle me down
Living like we'll never die

(Bridge)

Go on, go on and steady me up
Oh I got a lot to say
Take hold, take hold and settle me down
Living like we'll never...
Moving like forever
Living like we'll never die

(Chorus x2)

Go on, go on and steady me up
Oh I got a lot to say
Take hold, take hold and settle me down
Living like we'll never die
