

Fly Fly Fly

Brooke White

People change and people grow
Need to find their way all on their own
Don't want to cause you pain but you should know
That it's time for me to go
The winds, they blow

I gotta fly, fly, fly away
I'll make it home again someday
But you can't keep me down
Or hold my feet to the ground
I gotta fly, fly, fly away
A pair of broken wings can make me stay
It's hard to leave this town
But I'll circle back around
I promise, some day
But I gotta fly, fly, fly away

We're not the same as we used to be
Remember when it was just you and me
Just a crazy game is what I see
And now we're holding on to illusions of a memory
I need to be free

I gotta fly, fly, fly away
I'll make it home again someday

But you can't keep me down
Or hold my feet to the ground
I gotta fly, fly, fly away
A pair of broken wings can make me stay
It's hard to leave this town
But I'll circle back around
I promise, some day
But I gotta fly, fly, fly

I won't forget
Where I came from
What I'm made of
I won't regret
What I should've done
What I could've done

I gotta fly, fly, fly away
I'll make it home again someday
But you can't keep me down
Or hold my feet to the ground
I gotta fly, fly, fly away
A pair of broken wings can make me stay
It's hard to leave this town
But I'll circle back around
I promise, some day
I promise, some day
But I gotta fly, fly, fly away
Fly, fly, fly away
Fly, fly, fly away
