

High Hopes & Heartbreak

Brooke White

The way you look at me
The way you say my name
The way you talk to me
And all the silly games that you play
Must be love
Love, love baby
You're no good for me
But I like you, I like you
Mr. Mystery
You keep me guessin' every day
It is love?
Love, love baby

High, high hopes and heartbreak baby
Pick me up and put me down
Makin' me crazy
High
I just can't take it
No, no baby
High, high hopes and heartbreak baby
Build me up and bring me down
Makin' me crazy
High
I just can't take it
No, no baby

La, la, la, la, la
Oh, oh, oh, oh

You got me figured out
And your secret heart
Has got me holdin' out
Forever, I'm awake for your love
Love, love baby

High, high hopes and heartbreak baby
Pick me up and put me down
Makin' me crazy
High
I just can't take it
No, no baby
High, high hopes and heartbreak baby
Build me up and bring me down
Makin' me crazy
High
I just can't take it
No, no baby, yeah

Just who do you think you are?
Playin' Jedi mind tricks with my heart
Don't you go and leave me in the dark
Don't you be foolish with my love baby, yeah, oh, oh

High, high hopes and heartbreak baby
Pick me up and put me down
Makin' me crazy
High
I just can't take it
No, no baby
High, high hopes and heartbreak baby
Build me up and bring me down
Makin' me crazy
High
I just can't take it
No, no baby
