

# Put a Girl in It

Brooks & Dunn

You can buy you a brand new truck  
Chrome it all out, jack it way up  
You can build you a house up high on a hill  
With a pool and a pond and a view to kill  
You can make all the money in sight  
But you aint livin the good life

Til you put a girl in it  
You aint got nothin  
What's it all worth  
Without a little lovin  
Put a girl in it  
Some huggin and some kissin  
If you're world's got somethin missin  
Just put a girl in it

You can buy a boat and a shiny set of skis  
Have some fun in the sun, float around in the breeze  
You can lay out on a blanket by the lake  
Drink a cold beer, polish off another day  
Kick on back and watch the sky turn red  
A sunset aint a sunset

Til you put a girl in it  
You aint got nothin  
What's it all worth  
Without a little lovin  
Put a girl in it  
Some huggin and some kissin  
If you're world's got somethin missin  
Just put a girl in it

You can write you a country song  
The DJ wont put it on  
They wont dance or sing along

Til you put a girl in it  
You aint got nothin  
What's it all worth  
Without a little lovin  
Put a girl in it  
Some huggin and some kissin  
If you're world's got somethin missin  
Just put a girl in it

If you're ridin in your truck  
Put a girl in it

If you're gonna have a party  
Put a girl in it

If you wanna live the good life  
Better put a gir-r-rl in it
