

# The Coathanga

Brotha Lynch Hung

The Coat, the Coathanga  
The Throat, the Throatstrangla  
Banging the GD, online like 3G  
I'm comin in 3d with these bullets and no bullshit  
In the back of the van, I carry full clips  
Don't believe me? Watch YouTube, I pull shit  
Causing enough blood that you can fill pools with  
You motherfuckers know the name, I'm insane  
And I'm still locc'd to the brain  
And ain't nothing to pour with  
The Coathanga Strangla, banging 'em up  
Ain't taming the cub  
Put your brain in a cup  
Brotha Lynch Hung, and I see hanging 'em up  
Wearing 'em out like clothes  
So niggas don't know it's me, Spidey  
Niggas will suck neck and eat shit, just to be by me  
Shit'll get fucked up in the anal  
Just blame your freezy I see  
Spitters on a daily basis  
Put 'em into muddy places  
Bloody meat is what he tasted  
I like to fry 'em and  
Then I'm coming in faces  
And that's just one of the cases

With the chainsaw  
Leave your brains raw  
Somebody just got cut  
So when I'm in your window with a machette  
And a pistol best believe it's just to give me a nut

To rappers I'm like John Wayne Gacey  
Like I.C.P. with the clown face  
I be killing em up, then I eat bacon  
What? He's Jason Vorhees with a (wamanese?)  
Sucking me up, I'm about to get the head cut off  
Cause I see faces  
Spitting on niggas, I'm disrespectful  
I'm a necro - philliac, niggas'll get petro  
Gas niggas every day  
Ask niggas "E.B.K"  
As if a nigga would  
As if a nigga could  
I wish a nigga would test me  
Guess who's my brand new recipe  
Open your chest like "Open Sesame"  
Open your chest with these bullets  
I pull it, then it kills niggas  
Putting holes in your tommy hill figure,  
let the reals get ya  
Feeding him pills with the bloody mary hot sauce  
Soon as it pops off, then the clock's off  
All the cops are spread on the walls  
Blood in your drawer  
Eating your all  
Beating the dog

Shit outta bitches

With the chainsaw

Leave your brains raw

Somebody just got cut

So when I'm in your window with a machette

And a pistol best believe it's just to give me a nut
