

For The Rest Of Our Lives

Brotherhood of Man

There are those who walk through their lives
Not knowing what love is
But those fools should open their eyes
We found love together

For the rest of our lives
Hand in hand, man and wife
We'll go on and let nothing come between us

For the rest of our lives
With these hands, that hold life
Every wish, every dream, hope they come true
For you

Though the road ahead may be long
We're walking together and as long as our love is strong
I'll hold you forever

For the rest of our lives
Hand in hand, man and wife
We'll go on and let nothing come between us

For the rest of our lives
With these hands that hold life
Every wish, every dream, hope they come true
For you

For the rest of our lives
With these hands that hold life
Every wish, every dream, hope they come true
For you

For the rest of our lives
