

## Goodbye Goodbye

Brotherhood of Man

Goodbye, goodbye  
I won't cry say goodbye  
Goodbye, goodbye  
Don't you cry say goodbye

You don't care what becomes of me  
If I live my life in misery  
And it don't hurt for me to say goodbye  
I can take; I can leave your love  
I put my trust in the one above  
And if you want to go just say goodbye

All I need is a little sign  
To say you love and to say you're mine  
And if you don't then we must say goodbye  
Treat me warm and tenderly  
And that will prove your love to me  
And if you don't then we must say goodbye  
There's no need to stand out in the rain  
Let us take a chance and love again

Goodbye, goodbye  
I won't cry say goodbye  
Goodbye, goodbye  
Don't you say say goodbye

You don't care what becomes of me  
If I live my life in misery  
And it don't hurt for me to say goodbye  
I can take; I can leave your love  
I put my trust in the one above  
And it don't hurt for me to say goodbye  
There's no need to stand out in the rain  
Let us take a chance and love again

Goodbye, goodbye  
I won't cry say goodbye  
Goodbye, goodbye  
Don't you cry say goodbye  
Goodbye, goodbye  
I won't cry say goodbye  
Goodbye, goodbye...
