

Love Me For What I Am

Brotherhood of Man

Love me for what I am
Try baby try
Love me and understand
Never let it die

We got a love that keeps us together
We got a love so strong
'Long as we got each other we can't go wrong
There could be times when maybe
I'll hurt you somewhere along the way

We can make it up another day
Love me for what I am
Try baby try
Love me and understand
Never let it die

'Long as we live, we live for each other I do the best I can
I'll be around to give you a helping hand
There may be days that things could be better
Don't throw it all away

Let's hang onto what we got today
Ooh-ooh-ooh, ooh-oo-ooh
Ooh-ooh-ooh, ooh-oo-oo-ooh

Love me for what I am
Try baby try
Love me and understand
Never let it die
