

Oh Boy

Brotherhood of Man

It's so warm in here
Outside the night is clear
I need a walk
Have myself a little talk
Sleep baby sleep
While your mama walks the street
To find your daddy

Boy (oh boy)
The mood I'm in the pain I feel
In missing him oh boy (oh boy)
I can't explain
He haunts my mind and wraps my brain

I could comb every home every neighbourhood bar
I could ride every Greyhound or railroad-car
Just to find him and say wherever you are
Come home we love you

Boy (oh boy)
Boy (oh boy)
Oh boy
Oh boy

Grief by walkin' me
Through the downtown streets I wander sadly

Boy (oh boy)
The mood I'm in the pain I feel
In missing him oh boy (oh boy)
I can't explain
He haunts my mind and wraps my brain

I could comb every home every neighbourhood bar
I could ride every Greyhound or railroad-car
Just to find him and say wherever you are
Come home we love you

Boy (oh boy)
The mood I'm in the pain I feel
In missing him oh boy (oh boy)
I can't explain
He haunts my mind and wraps my brain

I could comb every home every neighbourhood bar
I could ride every Greyhound or railroad-car
Just to find him and say wherever you are
Come home we love you
