

# Something Wonderful

## Brotherhood of Man

Hey boy, I want you to know  
Im never gonna let you go  
Oh baby, pinch me make sure I'm awake  
This kinda dream I just can't take

Something wonderful is happening to me  
Your love is growing inside me  
I know, I'd die if you leave me

Some guys, I've heard people say  
They take a love and run away  
Oh no, not me, I'm just not that type  
And I can't get ya off my mind

Something wonderful is happening to me  
Your love is growing inside me  
I want the whole world to know

This lovely dream can go to any kind of love  
Stop the waves from rushin' in nasty stuff  
Turn the mountain into a valley, oh, a desert to a stream  
Make the flowers grow in winter  
Now I'm sure, ooh

Something wonderful is happening to me  
Your love is growing inside me  
I want the whole world to know

Something wonderful is happening to me  
Your love is growing inside me  
I know, I'd die if you leave me
