

# Blam!

Brothers Johnson

Well well well well  
Well well well well, hey  
I'm gon' get cha', yeah

You shake me to my knees  
And you knock me off my feet  
When I see you coming  
Got so much style in your strut  
Can't keep my eyes off you know what  
When you're walking

Oh, how I want you so badly, right now  
Oh, how I need you so badly, right now

I know just what I like  
And I like what I see  
I'm gon' get cha', yeah  
Push done come to shove  
Now I'm begging for your love  
Have some mercy

BLAM!  
Get up off that stuff  
Baby don't you wanna  
Get up off that stuff  
Get up off that stuff  
Baby don't you wanna  
[x4]

Your sexy ways are all I see  
You stir up all my energy  
Girl I'm ready  
I can hear your body talk  
You're the prey I want to stalk  
Foxy lady

Girl, I could please you  
If I had you right now  
Girl I could squeeze you  
If I had you right now

Oh, how I want you so badly, right now  
Oh, how I need you so badly, right now

You shake me to my knees  
And you knock me off my feet  
When I see you coming  
Got so much style in your strut  
Can't keep my eyes off you know what  
When you're walking

BLAM!  
Get up off that stuff  
Baby don't you wanna  
Get up off that stuff  
Get up off that stuff  
Baby don't you wanna

Get up off that stuff

Get up off that stuff

Baby don't you wanna

Get up off that stuff

Get up off that stuff

Baby don't you wanna

BLAM!

Well well well well, hey

I'm gon' get cha', yeah

[Repeat till end]
