

High Note

Brothers Osborne

Tangled up in sheets when we get three sheets to the wind
That's the way we roll and, baby, here we go again
Overlookin' let's try one more time don't ever work
By sunrise this cloud nine ride will crash back down to earth

While we're up here, let's just fly
While I'm smilin', you go your way and I'll go mine
Before the smoke clears, let's agree that's all she wrote
Let's say goodbye, say goodbye on a high note

We know what comes next when this burn one rose is gone
No laughing just for hashin' how and where it all went wrong
So why don't we just leave this thing to one night and the road
Let's do what we do best and drop that mic and go

While we're up here, let's just fly
While I'm smilin', you go your way and I'll go mine
Before the smoke clears, let's agree that's all she wrote
Let's say goodbye, say goodbye on a high note

Before we wind up the sun on, it's sober
Let's ride the high like a roller coaster
Just before the joyride's over
Let's say goodbye, say goodbye, say goodbye

But while we're up here, let's just fly
While I'm smilin', you go your way and I'll go mine
Before the smoke clears, let's agree that's all she wrote
Let's say goodbye, say goodbye on a high note
Let's say goodbye, say goodbye on a high
Say goodbye, say goodbye, say goodbye
Say goodbye, say goodbye, say goodbye
Say goodbye, say goodbye, say goodbye
Say goodbye, say goodbye, say goodbye
On a high note, a high note
