

I Don't Remember Me (Before You)

Brothers Osborne

Did I stop and watch the sunset fade?
What gave me life and took my breath away?
Did I take a last-call stranger home
So I wouldn't have to wake up alone?

I heard I was a wild one
I feel like a child, son
But I really don't recall
Heard I was a fast one
Always was last one
Waitin' for the other shoe to fall
I've seen pictures
And I've heard stories
'Bout the boy I used to be
But I don't remember me

Was I just another ghost in this town?
Who was I when no one was around?
Did I even know what I was livin' with?
Who are my favorite songs about?

I heard I was a wild one
I feel like a child, son
But I really don't recall
Heard I was a fast one
Always was last one
Waitin' for the other shoe to fall
I've seen pictures
And I've heard stories
'Bout the boy I used to be
But I don't remember me

Was my heart beatin' in my chest?
Was I even alive or dead?

I heard I was a wild one
I feel like a child, son
Heard I was a fast one
Always was last one
Waitin' for the other shoe to fall
I've seen pictures
And I've heard stories
'Bout the boy I used to be
But I don't remember me
No, I don't remember me before you
