

# I Love You Only

Brothers Osborne

I love you only for what you are  
You may have been a queen or a fallen star  
I love you only though you may be  
The poorest girl on earth you're still an angel for me.

I'd climb the highest hill to prove that I love you so  
I'd even shouted loud enough the world would know  
I love you only though you may be  
The poorest girl on earth you're still an angel for me.

--- Instrumental ---

I'd climb the highest hill to prove that I love you so  
I'd even shouted loud enough the world would know  
I love you only though you may be  
The poorest girl on earth you're still an angel for me.

I love you only...
