

Introspective

Bru-C

Listen

Make time for yourself, unwind for yourself
Nobody can give you what you'll find in yourself
Keep reminding yourself that you're nice by yourself
You must love yourself to be loved by someone else
You gotta smile by yourself, run a mile by yourself
Meditate, walk in the countryside by yourself
Stand tall by yourself, rise and fall by yourself
You were born alone and you will die all by yourself

Take the time for yourself
Make time for yourself
Take the time for yourself
Make time for yourself
Yeah, yeah, yeah, yeah

Why shouldn't I be loving me?
You need a breakdown to experience recovery
On my own, feeling like a happy business man
'Cause I love my own company
Embracing a long walk
A weak mind that's carrying these strong thoughts
Take a deep breath, long pause
We went off track so we could be on course
Accept who you are, be proud of your flaws
A pat on the back or a round of applause
Beauty is skin deep, what is really beautiful is what's surrounding your cor
e
Only now that I'm sure, life's meaning has been neglected
Many times by me I've been disrespected
Self-worth is what intellect is
This is my introspective

Make time for yourself, unwind for yourself
Nobody can give you what you'll find in yourself
Keep reminding yourself that you're nice by yourself
You must love yourself to be loved by someone else
You gotta smile by yourself, run a mile by yourself
Meditate, walk in the countryside by yourself
Stand tall by yourself, rise and fall by yourself
You were born alone and you will die all by yourself

I'm a prisoner of my home
Still I'm living on a nice road
Running water in my tap and it's ice cold
Take a minute for the Earth, let the life grow
I'm a prisoner of my space
Still I'm living in a nice place
Wonder what future will I face
Tryna keep a smile on my face

Make time for yourself, unwind for yourself
Nobody can give you what you'll find in yourself
Keep reminding yourself that you're nice by yourself
You must love yourself to be loved by someone else
You gotta smile by yourself, run a mile by yourself
Meditate, walk in the countryside by yourself

Stand tall by yourself, rise and fall by yourself
You were born alone and you will die all by yourself

Take the time for yourself
Make time for yourself
La, la, la, la, la, la, la
Take the time for yourself
Make time for yourself
