Bru-C

No time, no time, no time, I ain't got no time for dem  
No time, no time, no time, I ain't got no time for dem  
No time, no time, no time, I ain't got no time for dem

I got no time for wasteman, no time for dutty gal with fake tan  
No time for living on some vague plans  
Busy tryna make grands, business land, still a big-  
fist man fam I've got no time to shake hands  
No time for money or the pussy or the countries where it's lovely and it's s  
unny, I'm joking ain't that funny  
I got cash I'm looking Kruddy, baby girl you're looking yummy  
Put my ting up in your mouth like you were sucking on a dummy  
I got no time, move to the side, man are dipping through  
In the 'studes, whipping tunes, living off Deliveroo  
Late nights early mornings, never kip and snooze  
Life full of options, you just got to pick and choose  
Hold tight, Grey Goose no ice  
Rave for the whole night, fake man I don't like  
How you came to the place without no vibes  
You've been a wasteman your whole life brudda I got no time

No time, no time, I ain't got no time for dem  
All my mandem in the place, I got time for dem  
Gonna get up on a wave, get on a hype with dem  
No time, no time, no time, I ain't got no time for dem  
Pretty gal dem in the place, I got time for dem

I'm the best D'n'B MC in the scene  
Bet that I could have your girlfriend leaving with me  
I've been holding back for time, I'm unleashing the beast  
If you're gonna make the top you need a reason my G  
One life, live it up, fill a cup, bill it up  
Used to care about everyone now I don't give a fuck  
I'm just making big tunes, getting all my figures up  
Man can't be looking at the pages in my (hahaha)

I'm cooking, I'm coming with flames  
I'm looking to come in and fuck up the game  
You put up a front and you're looking away  
You go to the pub and you tuck in your chain  
My flow, fucking insane  
These other man them aren't looking the same  
I'm in the hard shoulder, you're stuck in your lane  
They're wondering how have I done it again  
I've done it again, I'm too intelligent  
Headline ting, man ain't no resident  
These other MC's just ain't levelling  
Dust settling, ain't no one levelling  
I accelerate, win and celebrate  
Watch man elevate, income generate  
I be the boss so jobs I delegate  
Reach for the skies so watch man levitate

Watch man break it down for a sec  
Raving crew hold tight, catch your breath  
Bru-C on the mic, Shapes on the decks  
I know right now gal are breaking a sweat

Hold tight, Grey Goose no ice  
Rave for the whole night, fake man I don't like  
How you came to the place without no vibes  
You've been a wasteman your whole life brudda I got no time

No time, no time, I ain't got no time for dem  
All my mandem in the place, I got time for dem  
Gonna get up on a wave, get on a hype with dem  
No time, no time, no time, I ain't got no time for dem  
Pretty gal dem in the place, I got time for dem

No time, no time, no time, I ain't got no time for dem  
No time, no time, no time, I ain't got no time for dem  
No time, no time, no time, I ain't got no time for dem
