

# Paradise

Bru-C

Yo

I've been to hell and back with you  
Now we're in paradise  
Look at all these flashing lights  
Sub vibrating, levitating, flying high  
We've reached the afterlife  
We'll make it through the night

I've been to hell and back with you  
Now we're in paradise  
Look at all these flashing lights  
Sub vibrating, levitating, flying high  
We've reached the afterlife  
We'll make it through the night

We're in paradise, yeah, yeah, yeah  
We're in paradise, yeah, yeah, yeah  
We're in paradise, yeah, yeah, yeah  
We've reached the afterlife  
We'll make it through the night  
We're in paradise, yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah

Bru-C, yo

I haven't raved in minute  
Now it's feeling like a brudda's up in paradise  
Bass-line ripple through my belly, feed my appetite  
One for the people in the place, put your hands up high  
Yeah, we had to sacrifice  
Now we are back inside the dance  
Long time coming  
Overdue link-up with ones I'm loving  
As I finally reach the doors  
Hear the bassline thudding  
Goosebumps on skin, wide eyes, I'm rushing  
Love is in the air and I'm feeling alive  
They took away all of my freedom, now the freedom is mine  
Now I'm feeling so high, with my Gs by my side  
If you're feeling the same, you gotta reach for the skies  
Forget about the past 'cause the time is now  
If there's a festival abroad I'll be flying out  
Can't take the music from me, I'm fighting now  
I ain't going out lying down

We're in paradise, yeah, yeah, yeah  
We're in paradise, yeah, yeah, yeah  
We're in paradise, yeah, yeah, yeah  
We've reached the afterlife  
We'll make it through the night  
We're in paradise, yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah
