I stepped in the place looking like a wavey don  
If im coming to the rave im on a crazy one  
I make tunes and I send them to your baby mum  
Tell her "listen back and let me know your favorite song"  
I'm the man lyrical gasoline  
Come to a crib event, goodbye's guaranteed  
Hit the website cop a tracky, grab a tea  
Now you're part of the family standardly  
Very, Heavy, Ravers, Sweaty  
Im with, my ting  
Not Kiesha or Becky  
And I Strap bars with no safety on  
I just want to turn up  
See me on a wavey one

On a wavey one  
On a wavey one  
If you see me in the place, man on a wavey one  
On a wavey one  
On a wavey one

Wavey one, we're on a wavey one  
You know the dirty girls  
They want my veiny one  
Half demigod, half alien  
I'm eating vegan cooked dinner no gravy on  
Wavey one, we're on a wavey one  
I'm a crazy cunt I'll shoot you with my laser guns  
I burn the flame on em'  
Im inflicting pain on em'  
Wavey one, we're on a wavey one  
High IQ, yeah I'm a brainy one  
You got a third eye inside your cranium  
Big up all my entities I'm draining em'  
We're on a wavey one  
We're on a wavey one  
It's Traumatik and It's Bru-C on a wavey one  
We shower down lyrics and we rain on em'  
And we're selling out the festivals and the stadiums

On a wavey one  
On a wavey one

On a wavey one  
On a wavey one  
If you want to try a ting then come and take me on  
Wavey one  
We're on a wavey one

From the dusk until the dawn  
Man coming with the form  
Now I'm cooking up a storm put your apron on  
You were raving with your hunny  
Now your looking kind of bummy  
Then she saw me with the money  
Now your lady gone  
You were getting loads of clothes  
Tryna' sex with no control  
Now your sitting in your home on a flakey one  
I'm just winning with the gang  
Got the Liquor in my hand  
Gonna spill it on the fans  
On a wavey one

Switch up the pace  
In the race  
I'm first place  
On the mic don't make a mistake  
Man mixing a grey goose with lemonade  
I shut down when I'm on stage  
Writing bars upon the page  
I am on a wave  
Out with Dave  
Don't know Dave  
With the bidibibadboy bass  
With the bidibibadboy bass  
On the mic I'm telling em' straight  
Man an elegant mate  
Lyrical heavy weight  
Bru-C on the track  
When you know that it's a weighty one  
I just want to turn up see me on a wavey one

I love my drum and bass  
It's Traumz and Bru-C on the case  
Big up the ravers tripping, don't forget to do up your lace  
We're stepping up the pace  
I love the human rave  
Please don't piss me off you cunt I'll slap you in the face  
There's no time to waste  
We're giving them a lyrical taste  
With the bidibibadboy bass  
With the bidibibadboy bass  
I am giving them a complex intellectual flow inside their face  
Dont piss me off  
Make no mistake or you'll end up dead in a frozen lake

On a wavey one

On a wavey one  
If you see me in the place, man on a wavey one  
Wavey one  
We're on a wavey one
