

You & I

Bru-C

We are on a wave
Take over the place, they ain't doing it like you & I
I want a holiday
Let us fly away, they ain't doing it like you & I
Movin' on a vibe
Kill it every time, they ain't doin' it like you & I, you & I, you & I
They ain't doin' it like you & I

They ain't doin' it like you & I
They ain't doin' it like you & I
They ain't doin' it like you & I
You & I, you & I
They ain't doing it like you & I

I said I'm dying to see you
Got me waiting for my lady
And I been trying to pree you
Send a couple pics, drive me crazy
She go to mine and we're chilling now
Tryna' ask you how's your day been
She gone and drawn for the liquor now
Dim the light, bun a spliff and get wavy

We are on a wave
Take over the place, they ain't doing it like you & I
I want a holiday
Let us fly away, they ain't doing it like you & I
Movin' on a vibe
Kill it every time, they ain't doin' it like you & I, you & I, you & I
They ain't doin' it like you & I

Tell them other girl move aside, why?
They ain't doin' it like you & I
Try, not to worry where the future lies
It's a fact I am yours, and you are mine
She puts in the work morning through the night
Still she's the light of a party on a uni vibe
Tryna get a brudda in a suit and tie, lookin' fresh, get the pussy wet like
a scuba dive
She walked in the place lookin' like a barbie
Summer time gyal put the chicken on the barbie
Breast 'n' legs, them other gyal are bacon sarnie
Sex the best, you get up in bed and can't leave
She loves a dutty rhythm just like I do
You feel like you're me, I feel like I'm you
You don't have to watch no face when we ride thru'
You don't have to watch what I'm on 'cause I like you

Said I'm dyin' to see you
And I been trying to pree you
She go to mine and we chillin' now
She gone and drawn for the liquor now
Dim the light bun a spliff and get wavy

(Wavy, wavy, wavy, wavy, wavy, wavy, wavy, wavy, wavy, wavy, wavy, wavy)
I said I'm dying to see you
Dying to see you

Dying to see you
Got me crazy
(Crazy, crazy, crazy, crazy, crazy, crazy, crazy, crazy, crazy, crazy, crazy, crazy)
