

# Rainfall

**Bruce Cockburn**

Rainfall on rolling green  
Wavy lines and peacock sheen  
Rainfall on rolling green  
Prettiest world I've ever seen

Faces and places in a highway land  
Beads strung on a silver strand  
Quick silver in a callused hand  
Never a place for the Son of Man

Born under a rainbow sign  
Flash of wave in space and time  
Molten glass and hearts that shine  
Stone to gold in fire refined
