So nice to be here With all you good people Is anybody listening What we're doing tonight Could you give us a chance While you hit the sauce I might try a little flash up here Just to get ourselves across (Hit it) Let the spirit linger Well-uh, get up (Hey) And do the spider fingers Check the spider fingers (Check it!) I could show you on a table I could show you on a chair It's best shown on the black and whites I know I could take you there It's just a little hand trick A little prestidigitation Better get out your Hanon A little practice and repetition Well, we better do something Before they tell us to get lost Sometimes you've just got to repeat yourself Just to get your point across (Hit it) Let the spirit linger (Hey) Well-uh, get up (Hey) Do the spider fingers (Okay) Oh, the spider fingers (Spider) Do the spider fingers A little spider tongue How long will we be here Well, babe I just don't know Depends on fate, the luck of the draw Or maybe a little flashy show (Hit it) Let the spirit linger Well-uh, get up (Hey) And do the spider fingers (Oh, hey, hey)
