

If Love's the Answer

Bruce Kulick

You say you'll love me till I die
You say our life is sweet as pie
You give me hope to reach the sky
I know you'll believe in me
I know you'll follow me
But I still fear what you may hide

Chorus

Is love what's in your heart or in your mind?
Can what we fear of love be left behind?
Is what we love all in our space in time?
If love's the answer, everything's just fine

My life has grown with you by my side
My heart is filled with love I can't hide
I feel so open now I can cry
I think so clearly now
My mind is in the clouds
But I still fear what's in the sky
