

## I Never Fly

Bruce Robison

I never fly, they say you don't know what you're missing  
Your dreams just come alive, but I forget to try  
So I, I never fly

Warm in my bed, the places I imagine  
Could live only in your head  
So sweet that I could cry  
But I never fly

When I was just a little boy before I'd fall asleep  
My mind would wander way beyond the stars  
A neverending universe too big for thoughts to keep  
Surrounds me like an Angel in the sky

I love to dream, flowing just like heaven  
On a gently flowing stream  
I'll watch the world go by but I, I never fly

I'll get there by and by, but I never fly
