

# Hearts Of Stone

Bruce Springsteen

**F Am B C**

- F** **Am**  
1. You stare in the mirror at the lines in your face  
**B** **C**  
And you try to see, girl  
**F** **Am**  
The way things were when we were at your place  
**B** **C**  
In the days it was just you and me girl  
**Dm** **Am**  
And you cry because things ain't like before  
**Dm** **B**  
Well don't you know they can't be that way anymore  
**C**  
But don't worry baby

- F** **B** **F**  
R: I can't talk now I'm not alone  
**B** **C** **F**  
So put your ear close to the phone  
**B**  
'cause this is the last dance  
**C** **F** **C**  
This is the last chance for hearts of stone

2. If there was something baby, that I could do  
Something that would last, honey I would  
But we all know, girl, especially you do  
How you can't return to your past, no  
So girl close your eyes and I'll be there  
Hold me once more and we can go anywhere  
Ah we could

R: I can't talk...
