

Maybe I Don't Know You

Bruce Springsteen

What's that dress you're wearing, baby?
I never seen that dress before
And tell me, what'd you do with your hair?
Is it somethin' new
Somethin' you were gonna surprise me with?

Maybe I don't know you like I thought I did
Maybe I don't know you like I thought I did

What's that music you're listening to?
I never heard you listen to that before
I never heard you playin' that song before
Is it somethin' new
Or just somethin' you always hid?

Maybe I don't know you like I thought I did
Maybe I don't know you like I thought I did

You came to me for understanding and tenderness
But instead I met you with indifference
And I can't explain

Last night we took a drive
Past the house where we used to live
You started crying, oh, you were crying
There was somethin', baby
That I just couldn't give
