

# Nightshift

Bruce Springsteen

Marvin, he was a friend of mine  
And he could sing his song, his heart in every line  
Marvin sang of the joy and pain  
He opened up our minds, I still can hear him say  
"Oh talk to me, so you can see, what's going on"  
Say you will sing your songs forevermore (forevermore)

Gonna be some sweet sounds, coming down on the nightshift  
I bet you're singing proud, I bet you'll pull a crowd  
Gonna be a long night, it's gonna be all right, on the nightshift (on the nightshift)  
You found another home, I know you're not alone, on the nightshift

Jackie, hey what you doing now?  
It seems like yesterday when we were working out  
Jackie, you set the world on fire  
You came and gifted us, your love it lifted us higher and higher  
Keep it up and we'll be there at your side  
Say you will sing your songs forevermore (forevermore)

Gonna be some sweet sounds, coming down on the nightshift (on the nightshift)  
I bet you're singing proud, I bet you'll pull a crowd  
It's gonna be a long night, it's gonna be all right, on the nightshift (on the nightshift)  
You found another home, I know you're not alone, on the nightshift

Gonna miss your sweet voice, that soulful noise, on the nightshift  
We all remember you, your song is coming through  
Gonna be a long night, it's gonna be all right, on the nightshift (on the nightshift)  
You found another home, I know you're not alone, on the nightshift  
You found another home, I know you're not alone, on the nightshift

On the nightshift  
On the nightshift...
