

Worlds Apart

Bruce Springsteen

Em

I hold you in my arms, yeah that's when it starts

D

Em

I seek faith in your kiss and comfort in your heart

I taste the seed upon your lips, lay my tongue upon your scars

D

Em

But when I look into your eyes we stand worlds apart

Where the distant oceans sing and rise to the plain

In this dry and troubled country your beauty remains

Down from the mountain road where the highway rolls to dark

'Neath Allah's blessed rain we remain worlds apart

D

Sometimes the truth just ain't enough

Em

Or is it too much in times like this

D

Em

Let's throw the truth away we'll find it in this kiss

In your skin upon my skin in the beating of our hearts

D

Em

May the living let us in before the dead tear us apart

G

D

We'll let blood build a bridge over mountains draped in stars

Em

I'll meet you on the ridge between these worlds apart

G

D

We've got this moment now to live then it's all just dust and dark

Let's let love give what it gives

Em

Let's let love give what it gives
