comin right up, comin right up
As that ? Don't be nervous, Bruno's here baby

tending your cup sit down

Ask for anythink and say YUP

What's that ? Am I free later ?
Let me put it this way
does a comet leave a crater ?

I'll check my book
my my what luck

chompachne.
We toasted everythink

she told me stories
thatwould melt a stone
I managed to just keep a
hold of myself
She blew a little kiiss
so shy and sensous
then disappeared into the
night alone.
She left a map on a ten dollar bill.
Underneath her glass in a vodka spill
Oh. Midnigth I pushed the buzzer
guessed right cause it was her ninety
nine floor.
I nine I take a look in high hells some dinner cookin.
Yes thank you make mine a Manhatttan bone dry.
Don't forget that little cherry on top !!!
