

# When The Sky Turns Black

Brutality

Pale existence - Clouds encase the sky  
Rain falls swiftly - Lightning smashes earth  
Blackness expands - Doom lingers  
Rebelling forces - Nature cleansing  
Planet scum

Time has passed - Stones cracked  
Tarnished with age  
Overgrowth secludes the tombs in dark silent stance  
Monument toppled - Washed away  
Memories of dead adrift

Hollowness echoes - Shrieking sounds  
Power increases - Levels extreme  
Pounding jolts - Crash the hammer slams  
Atmosphere in chaos - Life extracted

Evidence of death tolls - Choked in blinding fury  
Ruthless assault - Generations destroyed  
People lay wasted - Condemned  
Struggling to live - Change for forgiveness

Lamenting slowly - Transcribing the texts  
Shrouds uncovered - Energies aligned  
Drawn into oblivion - Darkness unfolds  
Epidemic proportions - Fire and brimstone

Running for cover - Souls embodied  
Sky turns black - Breath is sifted  
Out of lungs - Traumatic shock  
Will of the gods - Pray to save us
