

Be With You

Brutha

See when the rain falls on the window
And the thunder crashes on the ceiling
It brings back the awful feeling
Of the day I saw you leaving
Now everytime I see our picture,
I think about being with ya

Tell me babe

What I got to do to be with you
Cause I'll do anything
I know this dont matter for you
But I'll give up everything
If you dont believe than watch me prove
How much you mean to me
Put away my pen and paper,
I swear to never sing again

And it drives me out of my mind (my mind, my mind)
Cause I cant be by your side (your side, your side)
I know words that cant explain
The way I felt when you went away (away, away)
Baby all I wanna do is be with you [4x]

Am I trippin' girl
Trying everything to get with you
But nothings working
Baby Im still hurting
And it looks like your not ever coming back
Feel like Im such a fool
Cause I deserve it
Think it wasnt worth it
I really know cause I need you back

And it drives me out of my mind (my mind, my mind)
Cause I cant be by your side (your side, your side)
I know words that cant explain
The way I felt when you went away (away, away)
Cause baby all I wanna do is

I'm going crazy can somebody call me a doctor (doctor, doctor)
Dont need no straight jacket
nothing can hold me under (under, under)
Dont need any medicine
I've already passed insane (insane, insane)
The part of missing you is prominently killing my brain

And it drives me out of my mind (my mind, my mind)
Cause I cant be by your side (your side, your side)
I know words that cant explain
The way I felt when you went away (away, away)
Cause baby all I wanna do is be with you [4x]
