

Burn

Bry

Do you wrong
End the trust
Anything but be emotional
Avoid your eyes
Wince at love
Anything but be emotional

'Cause if I persist
I'll be yours in a minute
And still I'll fall

'Cause you don't light up a room, you set the thing on fire
I still refuse it's me who you desire
But I'll burn, yeah I'll burn, I'll burn out
Brighter than anyone

Giving in
Full again
All the pain is worth everything
And find your eyes
When all is dark
Alter lives, for you anything

'Cause if we persist
I'll be yours 'til the bitter end
And still I'll fall

'Cause you don't light up a room, you set the thing on fire
I still refuse it's me who you desire
But I'll burn, yeah I'll burn, I'll burn out
Brighter than anyone

'Cause you don't light up a room, you set the thing on fire
I still refuse it's me who you desire
But I'll burn, yeah I'll burn, I'll burn out
Brighter than anyone
