

You

Bry

I'll never be loved enough
Is what you said
But without that feeling then my dreams are dead
And yes, I craved it all
But when I got lost
The only sound was your applause

And I'll be glad if you end up with a man who can love you
In all the ways that I have failed to
I'll stand alone in pure defeat
It's easy

'Cause it's you darling, ah-ah-ah-I
It's you darling, ah-ah-ah-I

You thought you'd saved me
From my darkest days
And in came the charm, no more alarms to face
But now I welcome the chaos
And the calm is where I fall
And my younger self cries as I drink through it all

And I'll be glad if you end up with a man who can love you
In all the ways that I have failed to
I'll stand alone in pure defeat
It's easy

'Cause it's you darling, ah-ah-ah-I
Yeah it's you darling, ah-ah-ah-I
Yeah it's you
Yeah it's you

Oh it's you darling, ah-ah-ah-I
Yeah it's you darling, ah-ah-ah-I
Oh it's you darling, ah-ah-ah-ah-I

Oh it's you darling, ah-ah-ah-I
