

## Broken Wings

Bryan Adams

You always say the things I can believe in  
Always say the things I wanna hear  
I believe them all - the stories short and tall  
I believe you, ya I believe you

You give me love  
When love is all I need to live  
You gave your word, when words were just superlative  
When I was blind, you came and opened up my eyes  
Now I feel I can believe in anything  
You taught me how to fly on broken wings

You always do the things I can depend on  
You're always there every night and day  
Everytime i've fallen down - you've always been around  
To lift me up again  
To set me straight again

Sometimes I find myself on my own  
And can't find the road that leads me back home  
But you made believe I can do anything  
Even fly on broken wings
