

# Let's Do This

Bryan Adams

Let's do this

You look amazin', perfect lips  
You are every word in this perfect script  
We are two hearts beatin', you keep me breathin'  
I dare to dream, dare to believe

The sweetest sound is the voice of the woman I love

Let's do this  
Grab me by the heart  
Let's do this  
You're a work of art  
Let's do this  
Let's take the next step  
Let's do this  
Yeah, 'cause you're the prettiest  
Let's do this  
We'll figure out the rest

Without love, we can't survive  
Just like the flower the sun keeps alive  
Never give up, never leave  
We won't back down 'cause love is all around

The sweetest sound is the sound of the woman I love

Let's do this  
Grab me by the heart  
Let's do this  
You're a work of art  
Let's do this  
Let's take the next step  
Let's do this  
'Cause you're the sexiest  
Let's do this  
You're simply the best  
And we'll figure out the rest

You are the smoke made from the fire of love  
Let's do this  
Oh  
Let's do this  
Take the next step  
Let's do this  
You're simply the best

Let's do this  
Oh, you grab me by the heart  
Let's do this  
Oh, let's make a new start  
Let's do this  
Let's take the next step  
Let's do this  
You're simply the best  
And we'll figure out the rest

Let's do this
