

Make Up Your Mind

Bryan Adams

We're hanging more than we used to
It's great to see you smile
Haven't seen that look on your face for a while

We made mistakes when we're younger
But that was a long time ago
There's decisions you'll have to make on your own

You gotta make up your mind
You gotta make up your mind
Between your future or history
It's you and him, or it's you and me
You can be cruel to be kind
We can't pretend that we're just good friends
This is the way that the story ends
Or just begins, it's lose or win
You gotta make up your mind

You went your way, and I went mine
And no one was keeping track of the time
No more excuses, there's no one to blame
But now you're saying I make you feel just the same

Come on, make up your mind
You gotta make up your mind
Between your future or history
It's you and him, or it's you and me
You can be cruel to be kind
We can't pretend that we're just good friends
This is the way that the story ends
Or just begins, it's lose or win
You gotta make up your mind

Come on, make up your mind
Just make up your mind
Between your future or history
It's you and him, or it's you and me
You can be cruel to be kind
We can't pretend that we're just good friends
This is the way that the story ends
Or just begins, it's lose or win
You gotta make up your mind

You gotta make up your mind
You gotta make up your mind
You gotta make up your mind
