

# No Time For Love

Bryan Adams

Well I got my life together  
Everything's right in place  
So why do I feel like I'm losin' it  
Every time I see your face

I got 24 hours in my day  
I got seven days in my week  
I got time for work, and time for play  
And a little time left to sleep

But I got no time for love  
No mind for love  
I'm way too busy makin' plans  
I got no time for love  
Oh yeah

Well you walk right into my life  
And try to win me with your kiss  
But I got places to go, and things to do  
And your kiss ain't on my list

I got no time for love  
No mind to for love  
I'm way too busy makin' plans  
I got no time for love

Oh, no time for love  
I got no mind for love  
I'm way too busy makin' plans  
I got no time for love
