

Something About Her

Bryan Adams

Look at her, she's happy
She's pretty and she's fun
What was I thinkin'?
What have I done?

I've got this unfamiliar feelin'
Forget it, it's not real
It can't be real

There's somethin' about her
I can't put my finger on it
There's somethin' about her
I don't know what it is, but I think I want it

A casual distraction
She's got me quite amused
Now I don't know what's happenin'
I'm feeling so confused

I'm not sure where this is goin'
And I'm not thinkin' straight
And it's gettin' late

There's somethin' about her
And I'm seein' it for the first time
There's somethin' about her
I don't know what it is, but now I find

I'm wonderin', why she seems so free
And I'm wonderin', what's stopping me?

There's somethin' about her
There's somethin' about her

There's somethin' about her
I can't put my finger on it
There's somethin' about her
I don't know what it is, but I think I want it

There's somethin' about her, oh
There's somethin' about her
