

Addict

Bryan Andrews

I can feel nicotine in my blood
And it leaves black scars on my lungs
Kinda like you do
And the alcohol makes me feel numb
But I miss it I just wanna feel something
Like we used to

Every time you say you miss me
It's like the needle that I need
Every time I say okay I wanna work this out
You say I just can't right now
I didn't wanna admit that you're a problem
But I think it's safe to say that I have one
You're like a habit I just can't keep
And baby I'm an addict

And I can feel my chest going through withdraws
But I like it 'cause I never made it this far
Yeah I'm starting to let you go
Now I'm thinking that I got a chance of moving on
Then I see your name pop up on my phone
Guess I'll try again tomorrow

Every time you say you miss me
It's like the needle that I need
Every time I say okay I wanna work this out
You say I just can't right now
I didn't wanna admit that you're a problem
But I think it's safe to say that I have one
You're like a habit I just can't keep
And baby I'm an addict

Every time you say you miss me
It's like the needle that I need
Every time I say okay then, let's work this out
You say I just can't right now
I didn't wanna admit that you're a problem
But I think it's safe to say that I have one
You're like a habit I just can't keep
And baby I'm an addict
Baby I'm an addict
Baby I'm an addict, yeah
