

# If You Pray For Me

Bryan Duncan

If you pray for me, tell the Lord I need him, mmmmm  
I need to know he hears my prayers  
And that he cares for me  
If you pray for me, tell Lord that I love him, mmmmm  
Even though it's hard sometimes  
For me to see the light  
Lately I have faced the darkest places  
I have ever known  
Well I hate to say it, lost my way  
Found myself alone  
'Cause I forgot that I have friends like you  
Oh, who know just where to go  
So, if you pray for me, tell the Lord I need him  
I need to know he hears my prayers and that he cares for me  
Oh, I guess I've tried to hide this loneliness  
I'm so afraid to come around here  
'Cause you might see right through me, yeah  
You know my heart feels like an empty nest  
A little help and understanding  
Is what I'm so ready for  
Don't let this hard expression fool ya anymore  
If you pray for me, oh  
If you pray, pray for me  
If you pray for me, tell Lord that I love him, mmmmm  
Even though it's hard sometimes  
For me to see the light  
So if you pray for me  
If you pray for me  
Tell the Lord I need him, need him  
Tell the Lord I love him  
I need to know he cares  
And that he hears my prayers  
And that he cares for me
