808

Bryan J

It goes left to right, left to right!
You got me... your body, calling me,
Now why won't you come closer baby cause I can barely see!
You know what you mean, girl you're my fantasy,
I'm really loving the way you fit in the jeans.
The way she move her body got me go, go,
A couple of drinks baby and we go with the flow.
Walking back and forth, I'm ready to explore,
Before the lights gonna come in, we gonna drink some more.
Now here we go...
Back and forth...
It's getting serious!
I wanna see you blow like some thunder!

Drop it to the floor, let me see it, make it, make it go
Blow it like a 808,
Blow it like a 808!
You're moving around just like a tornado! [x2]
Let me see you drop it to the floor!
You drop it, drop it to the floor,
Let me see it, make it, make it go
Blow it like you need a...
... like you need a... [x2]

She's talking about a common enemy,
Looking at her lips, twisting her hips,
So I could say... momma twist my...
She put one show,
You know I like them fast,
Baby let's go!
Like an 808!
I got a... now she's free, free!
Back to the crib, and I'm a show you I'm a freak,
Girl, I'm a take my time, and do it real slow!
I wanna see the boom, boom, boom
Let me know, now here we go on and on...
Back and forth for...
It's getting serious, I wanna see you blow like some thunder!

Drop it to the floor, let me see it, make it, make it go
Blow it like a 808,
Blow it like a 808!
You're moving around just like a tornado! [x2]
Let me see you drop it to the floor!
You drop it, drop it to the floor,
Let me see it, make it, make it go
Blow it like you need a...
... like you need a... [x2]
