

Brand New

Bryan J

Baby just say the word
I'ma let you come first
You can use a noun or verb[?]
That's when your love comes
I don't need too much
Maybe [?]
[?] between lust
With this love we found

I know, I know
The sun'll be up soon
I don't mind slowly [?]
All I see is you, ooh, ooh
Girl there's nothing left
For me to see unless it's you
Girl your [?] shining
Like it's brand new

Ooh, brand new
Ooh, brand new, brand new
Girl your [?] shining
Like it's brand new
Girl your [?] shining
Like it's brand new
Girl your [?] shining

I know you [?] rush
Tell me when you had enough
Baby don't keep me waiting
So impatient
'Cause I know like you know
It's perfect timing
'Cause I know what you want
The sun is shining

I know, I know
The sun'll be up soon
And I don't mind slowly [?]
All I see is you, ooh, ooh
Girl there's nothing left
For me to see unless it's you
Girl your [?] shining
Like it's brand new

Girl your [?] shining
Like it's brand new
Brand new, brand new
Girl your [?] shining
Like it's brand new
