[?] your favorite song  
Candles lit, I'm watching you  
TV on, alarm is off  
Tonight's the night I'm wanting you, oh  
Taste your lips, ecstasy  
The time we spent, so perfectly  
Flexible, magical, you're eyeing me  
So vividly

Show me a sign I've never seen  
Don't be afraid, it's only me

Do not disturb until I get it right  
Do not disturb until we get it right  
We need some privacy, privacy  
So do not disturb until we get it right

Time has come, shivering  
Every inch down to your knees

With all your love, got what I need, yeah

Show me a sign I've never seen  
Don't be afraid, it's only me

Do not disturb until I get it right  
Do not disturb until we get it right  
We need some privacy, privacy  
So do not disturb until we get it right
