When the night calls, I answer
No feelings were involved, no damage
Your love is like a drug, so addictive
[?] no offense

Let me revive you baby, ooh
Would you [?] baby, ooh
Taste of you, that's a must, I need all your love
[?] lost in your lust, baby don't look back
Ooh, love's right there and love's worth fighting for
Ooh, I've been dared to go without [?]
I'm not saying my greatest gift was you, ooh
All I ever wanted was you near
Wanted was you near
