

Try

Bryan J

I'm on my last
Baby I'm gonna enjoy the moments

What is time without us
What's lust without trust
Baby that can never be us

Nobody said it was perfect
What's love if that love can't heal
They say that you wasn't worth it
What's trust if that trust ain't real

So baby if you, you
Try I'll try
And baby if you, oh you
Try I'll try
Baby if you, you
Try, I'll try
And baby if you, oh you
Try, I'll try, try with you

My only crime is loving you
I'll do the time without change of mind
But if I, oh if I try
To remove all the thoughts that made you feel lost
From who you could be, baby

Nobody said it was perfect
What's love if that love can't heal
And they say that you wasn't worth it
What's trust if that trust ain't real

So baby if you, you
Try I'll try
And baby if you, oh you
Try I'll try
Baby if you, you
Try, I'll try
And baby if you, oh you
Try, I'll try, try with you
