

# Come And Move

Bryan & Katie Torwalt

You hovered over the waters  
When only darkness covered the deep  
You spoke the universe in motion  
You breathed Your life in me

Come and move, we make room for You  
We stand in awe, of all You do  
Come and move, we make room for You  
Our one desire, is to be with You

Your voice, like many waters  
Brings peace to my soul  
The God of glory thunders  
Signs and wonders down below

Come and move, we make room for You  
We stand in awe, of all You do  
Oh come and move, we make room for You  
Our one desire, is to be with You

We open up our hearts  
We fix our eyes on You  
You are all we want God  
All we need is You

Come and move, we make room for You  
We stand in awe, of all You do  
Oh come and move, we make room for You  
Our one desire, is to be with You

Come and move, we make room for You  
We stand in awe, of all You do  
Oh come and move, we make room for You  
Our one desire, is to be with You
