

# Freedom Is Coming

Bryan & Katie Torwalt

Woah, freedom is coming  
Woah, I can feel it in the air

You're singing over me  
When I don't have a song left to sing  
You sing  
You fight my enemies  
When I don't have the fight left in me  
You fight for me

You make a way when I can't find one  
My freedom's coming

Woah, freedom is coming  
Woah, I can feel it in the air  
Woah, freedom is coming  
Woah, my deliverer is here

You breathe new life in me  
And death loses power when You speak  
And You are speaking  
Re-write my history  
The fear of man has lost its hold on me  
Oh, I can see again

You make a way when I can't find one  
My freedom's coming

Woah, freedom is coming  
Woah, I can feel it in the air  
Woah, freedom is coming  
Woah, my deliverer is here

I can hear it in the distance  
Sounds like thunder, songs of deliverance  
I can feel it, Heaven breaking through  
Praise is rising, we're singing back to You  
I can hear it in the distance  
Sounds like thunder, songs of deliverance  
I can feel it, Heaven breaking through  
Praise is rising, we're singing back to You  
We're singing back

Woah, freedom is coming (Freedom is coming)  
Woah, I can feel it in the air (I can feel it, I can feel it in the air)  
Woah, freedom is coming (Oh, my freedom is coming)  
Woah, my deliverer is here (My deliverer, my deliverer is here)  
Woah, freedom is coming  
Woah, I can feel it in the air (I can feel it in the air, I can feel it in the air)  
Woah, freedom is coming (Oh, my freedom is coming)  
Woah, my deliverer is here (My deliverer, my deliverer is here)

Woah, freedom is coming  
Woah, my deliverer is here
