

Let There Be Light

Bryan & Katie Torwalt

When You speak
Darkness has to bow
Confusion has its final hour
When You speak
Mountains rise and fall
Its tears down every wall around me

When You speak
You breathe upon the dust
You come alive in us
When You speak
You silence every fear
We feel Your Spirit here around us

Let there be light
Let there be light
Until it fills up every space
Come and have your way
Let there be light
Let there be light
Just one word and I am changed
Come and have Your way

When You speak
You breathe upon the dust
You come alive in us
When You speak
You silence every fear
We feel Your Spirit here around us

Let there be light
Let there be light
Until it fills up every space
Come and have your way
Let there be light
Let there be light
Just one word and I am changed
Come and have your way

Now You're everything we seek
As deep cries out to deep
We will see God
Here Your glory on display
Jesus, take your place
We will see God

Let there be light
Let there be light
Until it fills up every space
Come and have your way
Let there be light
Let there be light
Just one word and I am changed
Come and have Your way
Let there be light
Let there be light
Until it fills up every space

Come and have your way
Let there be light
Let there be light
Just one word and I am changed
Come and have Your way
