

## Easier Bein Me

Bryan Martin

Might have been a little further down the road  
If I'da shook more hands and sold my soul  
Little, little less of the truth be told  
But it's easier being me

May have had a little more cash in hand  
If I'da kept that job with my old man  
Stuck to the same old hand-me-down plan  
But it's easier being me

'Cause I can wear the mask and hide the scars  
Lead the broken in the dark  
And roll this heart of mine back up my sleeve  
And I can try like hell to water down  
What I am before it pours out  
But I've never been a fan of make believe  
Yeah, I can play the part  
And make it hard  
But it's easier being me

I could've put on a smile and shined my boots  
Built a wall she could never see through  
Just to be some guy she never really knew  
But it's easier being me

'Cause I can wear the mask and hide the scars  
Lead the broken in the dark  
And roll this heart of mine back up my sleeve  
Yeah, I can try like hell to water down  
What I am before it pours out  
But I've never been a fan of make believe  
Yeah, I can play the part  
And make it hard  
But it's easier being me

Yeah, I can wear the mask and hide the scars  
Lead the broken in the dark  
And roll this heart of mine back up my sleeve  
I could play the part  
And make it hard  
Yeah, I could play the part  
But why make it hard  
When it's easier being me?  
Oh, it's easier being me
