

## Fearless Angel

Bryan Martin

She's got an angel's eyes, a beautiful smile  
The kind of love that a mother gives her newborn child  
She's got her pride, a rebel's side  
She's tougher than she looks y'all and that's no lie

When I look at her  
There's so much more I see  
'Cause it took a fearless angel  
To love the devil out of me

'Cause I ain't an easy one to hold, but she don't let go  
I don't know what she sees in me, but she's got a heart of gold  
She still takes my breath away every single day  
She's the words in my songs, and I still got a lot to say

When I look at her  
There's so much more I see  
'Cause it took a fearless angel  
To love the devil out of me

She's got an angel's eyes, a beautiful smile  
The kind of love that a mother gives her new born child  
She still takes my breath away every single day  
She's the words in my songs, and I still got a lot to say

When I look at her  
There's so much more I see  
'Cause it took a fearless angel  
To love the devil out of me
